We have retained Cariend, a medical records custodian, to manage our records. The fastest way to process requests for copies of your family's medical records is to follow the instructions on the link here:

<https://www.cariend.com/request-records/>. There is no fee to have copies sent to you or your new providers.

If you do not have access to a computer, you can contact Cariend by phone at 404-991-7080 for assistance. ***Please do not request records or share sensitive information via voice message or email, as this will delay your request.*** You will be required to mail a signed HIPAA authorization form and a copy of your photo ID to the following address:

You may also receive copies of your children's records (or your own if you are aged 18 or older) directly from our office while we are open. Please bring or email us a written statement, ***signed by you***, giving us permission to release the records.

It has been my great privilege caring for you and your children these past four decades. Thank you for entrusting me with their care.

With my best wishes,
